MEMORANDUM FOR THE FILES

2

SUBJECT: OZOLINS, Edvins

1. Operational Clearance - 13 November 1951
2. Utilization - agent operation in Latvia
3. Carriage Test - result "unreliable"
4. Appraisal - Carriage test officer appraised subject as a psychopathic personality or possibly in the early stages of some psychosis. Case officer's comment, however, indicates that subject is extremely cheerful and mild and not easily provokable, contrary to carriage findings.
5. PRQ - in subjects files.

Note: ID EUCOM records indicated that on 7 February 1950 the French advised ID that one fnu OZOLINS, Latvian DP, was suspected of being a Soviet agent and requested all available information that ID had regarding him. ID requested CIC traces on OZOLINS and was advised on 21 February 1950 that there were approximately seventy-five cards in Central Registry on fnu OZOLINS and that it was impossible to make a positive identification with the information submitted by the French.
